CODE: LIPCUAT-40

Date of last amendment: 06.02.2023

INCI name: WATER (AQUA) (AND) PHOSPHOLIPIDS (AND) POLYQUATERNIUM-16 (AND) FUCUS VESICULOSUS EXTRACT (AND) SPIRULINA PLATENSIS EXTRACT (AND) CHLORELLA VULGARIS EXTRACT (AND) PHENOXYETHANOL (AND) TOCOPHERYL ACETATE.

DESCRIPTION: Nanodispersion of highly substantive positive net charged soy lecithin phospholipids with hair encapsulating Fucus algae extract, Spirulina algae extract, Chlorella algae extract and Vitamin E as an antioxidant and membrane stabilizer.

PROPERTIES: Ideal for moisturizing and conditioning dry hair. It has antioxidant action thanks to the algae and Vitamin E that counteract free radicals and oxidizing agents that damage the hair during chemical processes or sun exposure. Seaweed, rich in polysaccharides and vitamins from the B Complex, restores natural moisture and elasticity to the hair. It also has an anti-pollution action.
